---

Good morning,

Thanks for providing the Final Fact Sheet for Wilcox Oil.

In looking at the fact Sheet for Wilcox Oil the information regarding the Technical Assistance Grant (TAG) was included.

In the future when mentioning TAG related information could you please let me know just for information purposes. Health information is not considered as technical information about the sites.

For clarification purposes, you may want to consider not including the CIC next to the TAG Project Officer name so that the community does not think that there are two CICs assigned to the site.

The info below was in the Fact Sheet.

A TAG is available to local citizens' groups to hire a technical advisor to interpret site studies or site-related health information for area residents.

Thanks,

Janetta
